INFRASTRUCTURE DEVELOPMENT COMMITTEE XI

IDC XI Resolution No. 07, Series of 2009

Enjoining the Department of Energy (DOE) XI to Profile the Potential Sources of Renewable Energy in Davao Region

Whereas, Davao Region is anticipating increasing demand for power/energy as the overall environment becomes more conducive for more investments for commercial and industrial activities given the expected economic rebound;

Whereas, the supply of power/energy of Southern Mindanao is currently insufficient and the deficit is being supplied from Northern Mindanao through the Mindanao Grid;

Whereas, there is no guarantee that the overall supply of power/energy of the Mindanao Grid can meet the future demand of Southern Mindanao particularly Davao Region, the highest consumer of power/energy in Mindanao, thereby making it imperative to consider the development of alternative sources of power/energy available in the Region;

Whereas, Davao Region is endowed with potential sources of renewable power/energy including the more common hydropower resource of power/energy and other forms of alternative sources such as biomass, solar, wind and ocean energy;

Whereas, the Infrastructure Development Committee (IDC) XI finds the need to profile the potential sources of renewable power/energy in Davao Region; now, therefore, be it

Resolved, as it is hereby resolved, that the IDC XI enjoins the Department of Energy (DOE) XI to profile the potential sources of renewable power/energy in Davao Region in coordination with the local government units of the region.

Resolved further, that DOE XI shall partner with the concerned local government units in the Region in the conduct of the study and collaborate in the development of renewable power/energy in their localities.

Resolved furthermore, that the DOE XI shall regularly update the IDC XI on the progress of the study and the development of the renewable power/energy sources in Davao Region.
