INFRASTRUCTURE DEVELOPMENT COMMITTEE XI

IDC XI Resolution No. 08, Series of 2009

Recommending to RDC XI to Endorse the Tagolinao Bridge in Cateel, Davao Oriental for Inclusion in the Proposed Construction of Bridges under the MEGA Bridges for Urban and Rural Development Project of the President's Bridge Program Administered by the Department of Public Works and Highways (DPWH) Subject to the Submission of Additional Required Documents

Whereas, the Tagolinao Bridge, a bailey bridge located in Cateel, Davao Oriental, is one of the bridges along the Cateel-Compostela Road, a major road linking the provinces of Compostela Valley and Davao Oriental;

Whereas, in recognition of its important role in linking the two provinces, the Provincial Government of Davao Oriental has considered the Tagolinao Bridge a priority for improvement and, as such, the Executive Committee of the Davao Oriental Provincial Development Council has endorsed the said bridge for inclusion under the Mega Bridges for Urban and Rural Development Project of the President's Bridge Program administered by the DPWH through its Resolution No. 6, Series of 2009;

Whereas, the DPWH finds that the Tagolinao Bridge meets the criteria for inclusion in the Proposed Construction of Bridges component of the Mega Bridges for Urban and Rural Development Project of the President's Bridges Program;

Whereas, the proposal was submitted to this Committee by the DPWH Regional Office XI for this Committee to recommend to RDC XI to endorse the same to the Executive Director of the President's Bridge Program, DPWH Central Office;

Whereas, based on the evaluation of its technical Secretariat, this Committee finds that the proposal lacked the following documentary requirements, namely, (a) Logical Framework of the Proposed Project; (b) Environmental Compliance Certificate; (c) Road Right-of-Way, Disposal and Resettlement Plans, if necessary, and; (d) RDC XI Technical Secretariat Validation Report of Proposed Project Site;

Whereas, despite the foregoing documentary deficiencies, this Committee finds the proposed bridge project supportive of the achievement of the Davao Region's objective to provide adequate and modern infrastructure required under its industry clustering strategy; *now, therefore, be it*
