REGIONAL DEVELOPMENT COUNCIL
Region XI, Davao City

INFRASTRUCTURE DEVELOPMENT COMMITTEE XI

IDC XI Resolution No. 03, Series of 2010

Recommending to RDC XI the Endorsement to the Global Environment Facility Administered by the Department of Environment and Natural Resources (DENR) the Proposal on the Profiling of Renewable Energy Resources Use and Potential Sources in Davao Region for Grant Assistance

Whereas, the Philippine Energy Plan (PEP) 2009-2030 and the Renewable Energy Act (RA 9513) promote the acceleration and exploration of renewable energy resources to achieve energy reliance, as well as, encourage the development and increase utilization of renewable energy resources;

Whereas, Davao Region is endowed with potential sources of renewable power/energy including the more common hydropower resource, as well as, biomass, solar, wind and ocean energy;

Whereas, during the 3rd Quarter Regular Meeting of the Infrastructure Development Committee (IDC) XI on September 18, 2009, it found the need to profile the renewable energy resources use and potential sources in Davao Region, and created a Core Technical Working Group for the purpose of preparing the proposal for consideration by the Department of Energy (DOE);

Whereas, the Core Technical Working Group (CTWG) is composed of DOE-Mindanao, University of Southeastern Philippines–Affiliated Renewable Energy Center (USEP-AREC), Yamog Renewable Energy Development Group, Inc., NEDA XI and concerned local government units in the region;

Whereas, the National Economic and Development Authority (NEDA XI) shall take the lead or act as the overall coordinator of the profiling activity in place of Department of Energy (DOE)-Mindanao considering coverage and workload, as initially identified;

Whereas, on the 1st Quarter Regular Meeting of IDC XI, the proposal as presented by NEDA XI/IDC XI Secretariat for review and endorsement of the Committee to the Department of Environment and Natural Resources (DENR) Global Environmental Facility (GEF) was found to be relevant and contributory to the region's goal of energy independence; now, therefore be it
